

My name is Cindy Trinh and I would like to name a peregrine falcon "Caci," pronounced (Casey). I chose Caci because the name means brave. Brave is the most important thing to me in my life. For example, if you're not brave then what will happen when it was time for the baby peregrine falcon's first flight. What will happen if the falcon thought that flying was scary and wouldn't fly on its first flight. For another example, If Jojo wanted to enter a talent show and made it, every time she practiced in front of other members she was never afraid. On the day of the show when she had to go on stage she were all nervous and scared. When it was her turn she didn't get on stage but just stood where she was. What the peregrine falcon and Jojo need is bravery. In life you need to be brave and look forward to things. If this name gets selected, I hope that Caci will be brave. I would like to name my peregrine falcon Caci.
